
Atlantis

Timelessness between the Heart of Atlantis
and the present turbulent times, is reflected
by the voice of Abraham, Maria at his side

An age old culture spread around the ancient world
leaving behind its saints, symbols, script, saga's,
spiral shields, arrows and bows, iron and gold

Being called and willing to listen to their voices,
virtues and perennial wisdom, gives depth,
meaning and an imminent mission to our lives

King Arthur, a descendant soulmate, his sword
Excalibur drawn out of grenade, expressed
the ultimate challenge for a Spirit of Atlantis

To find the Holy Grail still missing
to realize Abundance of Peace for All
to serve, to strive and not to yield
for now and into eternity
