and Ayat Khadoura

Ayat's last message to the world:

*“We had big dreams
but our dream now is
to be killed in one piece
so they know who we are.”*

Their tongue, their taste of words,
will never be heard again.

I suggest 1 minute of silence
on every radio station worldwide.

In honour of those who died,
often with spouse, family
and/or children,
dedicated to Gaza Radio.
