
Resolution nr. 9

For the meek to realize Abundance of Peace,
A threefold plan is in dire need.

First we need to understand
What Abundance of Peace really means,
No longer lost in translation.

Second, we need to live it and beyond,
Leave the map behind into subtle transformation.

And third, we need to Trust the Magnetic Touch
That comes with living it thoroughly,
Slowly growing from our Glass House Hearts.

This plan needs to be agreed upon
By the Security Council under Resolution nr. 9.
Fourteen voting in favor, just one withholding.

And every morning we will pass each other's Dreams,
So we won't fall from Our Tree, till the end of Times.
